

## GEOG205 Winter 2017 Project (25% + 5%)

### Updated Output guide

#### **Project report: 5% .doc or .pdf**

1-2 pages pdf or word or open office: 1.5 line spacing is ideal

**description / rationale** behind your area and design - why you chose this area, what you are showing, and design principles.

#### **Map 25% .png or .jpg (or .pdf)**

Note: useful tip- .png gives best quality result;

- don't worry if you already exported in another format

Graded based on the principles in class and labs:

data layers selected ; symbolization; lettering ; contrast - hierarchy (figure-ground)  
overall layout

Letter or Tabloid format – landscape or portrait

Best output format: **.png**

Others: jpg or pdf

Email both files to your **Lab TA**
